

# Manual no. 1 – First-time login to the Registry of Medical Devices and notification of a person or operation

According to the transitory provisions stipulated by Section 74 par. 4 of the Act No. 89/2021 Coll., on Medical Devices, until the full functionality of the Actors module of EUDAMED the persons handling medical Devices shall be registered in compliance with Section 26 of the Act No 268/2014 Coll., as amended, in the version effective prior to the date of coming into force of this Act. Persons handling diagnostic medical Devices in vitro shall comply with their notification duty according to Section 26 of the Act No. 268/2014 Coll., on diagnostic medical Devices in vitro. Manufacturers, authorised representatives, importers, distributors and persons servicing medical devices are obliged to notify the Institute of their operation prior to the commencement of such operation. This obligation does not apply to importers and distributors of risk class I medical devices and in vitro diagnostic medical devices not belonging to List A or List B and not intended for self-testing. A sponsor of a clinical investigation conducted at the premises of a provider of healthcare services established within the territory of the Czech Republic must notify its activity to the Institute prior to the commencement of the clinical investigation.

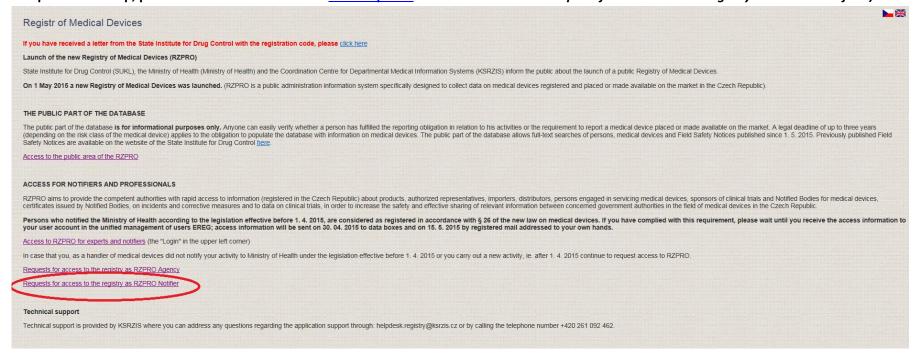

### Operation notification is subjected to administrative fee as follows:

Steps 14-23 apply to manufacturers of custom-made medical devices, authorised representatives, and servicing persons. Others should continue with Step 24.

14) If you are a manufacturer of custom-made medical devices, open the activity and add the GMDN code. If you are an authorised representative or a servicing person, open the respective activity and add the manufacturer. Others should continue with Step 24.

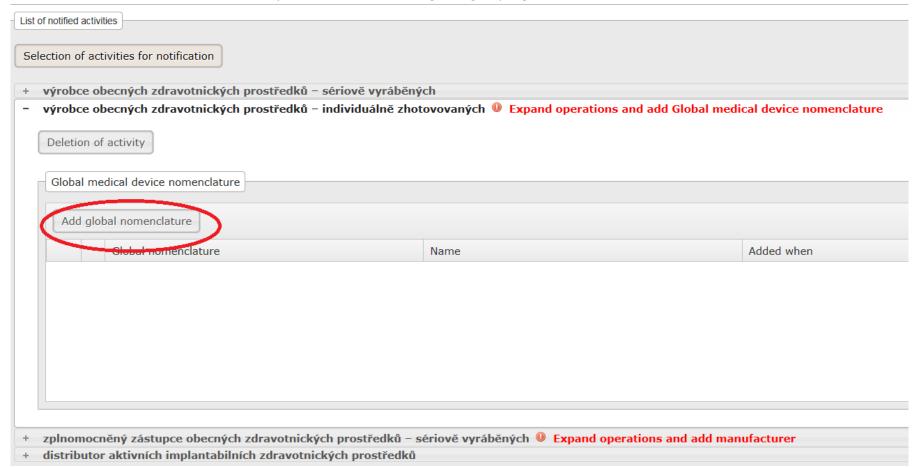

Steps 15 and 16 apply solely to manufacturers of custom-made medical devices (others should continue with Step 17).

15) The GMDN code may be added by opening the activity of the manufacturer of custom-made medical devices and by clicking on the "Add global nomenclature" button. Medical devices are classified according to the Global Medical Device Nomenclature (GMDN) indicating the generic group of medical devices. Generic groups of medical devices are defined on the basis of a numeric code and name as per the internationally acknowledged Global Medical Device Nomenclature. This code may be obtained from <a href="https://www.gmdnagency.org">www.gmdnagency.org</a>.

# Steps 17 and 18 apply to authorised representatives (others should continue with Step 19).

17) To add a manufacturer to the activity of an authorised representative, open this activity and click on the "Add represented manufacturer outside the EU" button.

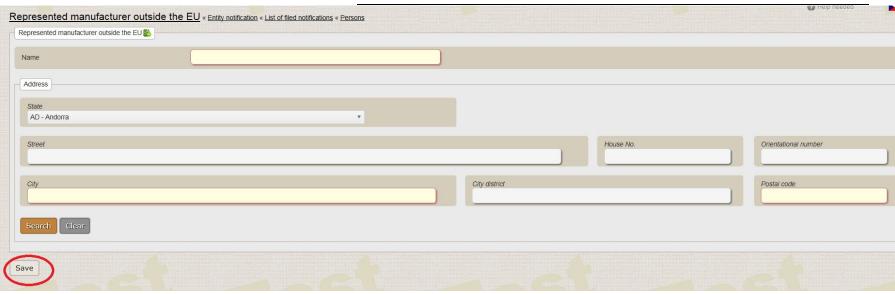

18) Thereafter, complete the data about the manufacturer outside the EU manually. The fields highlighted in yellow are mandatory, however it is necessary to fill in the complete address. When the data are completed, press "Save".

E-mail: posta@sukl.cz Web: www.sukl.cz

20) When you click on the "Insert manufacturer" button, a window to be completed will be displayed. You can try to select the manufacturer from the list by ticking "Yes" and selecting the manufacturer from the list.

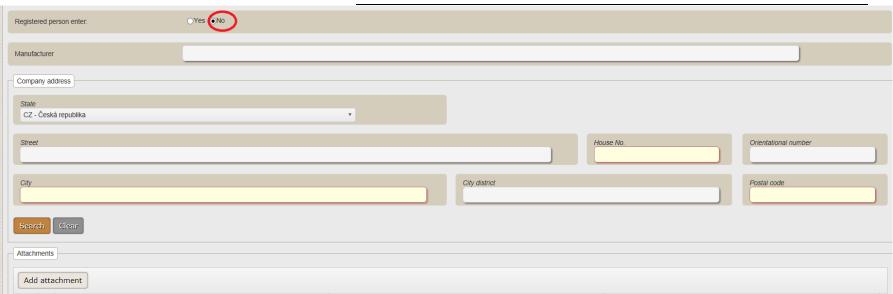

21) If you cannot locate the manufacturer in the list, leave the defaulted "No" and fill in the manufacturer manually. It is necessary to complete the manufacturer's name and complete address of its registered office in the following form. The fields highlighted in yellow are mandatory.

Šrobárova 48 100 41 Praha 10 Telefon: +420 272 185 111 Fax: +420 271 732 377

Then it is necessary to upload the attachment. A notification of a servicing person must include also a copy of a document evidencing completion of professional maintenance and repairs training. The copy may be attached by pressing the "Add attachment" button. Thereafter, click on the "Save" button. The "Add attachment" button may be clicked on repeatedly, which allows for the upload of the necessary number of attachments. If you do not have a copy of the training document from the manufacturer, but from the person authorised by the manufacturer, it is necessary to add a copy of authorisation of this person by the manufacturer to the copy of the training document issued by the authorised person. The copy of authorisation of the person authorised by the manufacturer is to be attached in the same manner, i.e. by pressing the "Add attachment" and "Save" buttons.
