

NEW CONTENT, ISSUE 13.2

Lists of the general chapters and monographs that, for Issue 13.2, are new, revised, corrected, suppressed or have had their titles changed, are given below.

All revised, corrected or deleted parts of a text published in the European Pharmacopoeia are indicated by change marks in the form of triangles.

New and revised texts are to be taken into account not later than the stated implementation date.

Corrected texts are to be taken into account as soon as possible and not later than the end of the month following the month of publication of the issue.

On the European Pharmacopoeia Online, a panel to the right of each general chapter or monograph provides a summary of the text's implementation status, based on the stated implementation date. New and revised texts for which the implementation date has not yet come into effect are labelled "not yet in force". Corrected texts display the status "in force", with additional information on the correction date.

New reagents, as well as the parts of reagents that have been modified, are indicated by change mark triangles in both their individual entries and in the cumulative lists in general chapter 4. Reagents. Each reagent has a unique 7-digit reference code that is given in italics after the name of the reagent.

Lists of reagents that, for Issue 13.2, are new, modified or deleted are given below.

NEW TEXTS

*The following texts appear for the first time in the European Pharmacopoeia. They will come into force on **1 April 2027** and must be implemented by this date at the latest.*

GENERAL CHAPTERS

2.2.62. Evaporative light-scattering detection

2.7.38. Bacteriophage potency determination

MONOGRAPHS

Herbal drugs and herbal drug preparations

Fritillaria cirrhosa bulb (2586)

Mint haplocalyx herb (3191)

Spine date seed (2613)

Monographs

Alectinib hydrochloride (3219)

Alectinib hydrochloride capsules (3220)

REVISED TEXTS

*The following texts have undergone revision of their technical content since their last publication. They will come into force on **1 April 2027** and must be implemented by this date at the latest.*

GENERAL CHAPTERS

2.2.22. Atomic emission spectrometry

2.2.23. Atomic absorption spectrometry

2.2.57. Inductively coupled plasma-optical emission spectrometry

2.2.58. Inductively coupled plasma-mass spectrometry

2.8.4. Swelling index

2.9.50. Particle size analysis by dynamic light scattering

3.2.1. Glass containers for pharmaceutical use

4. Reagents

5.1.6. Alternative methods for control of microbiological quality

5.2.6. Evaluation of safety of veterinary vaccines and immunosera

5.2.7. Evaluation of efficacy of veterinary vaccines and immunosera

5.22. Names of herbal drugs used in traditional Chinese medicine

5.34. Additional information on gene therapy medicinal products for human use

MONOGRAPHS

Herbal drugs and herbal drug preparations

Peppermint leaf (0406)

Peppermint leaf dry extract (2382)

Monographs

Calcium ascorbate dihydrate (1182)

Carbidopa monohydrate (0755)

Carmellose calcium (0886)

Carvedilol (1745)

Cefixime trihydrate (1188)

Clotrimazole (0757)

Ethanol, anhydrous (1318)

Ethanol (96 per cent) (1317)

Glycerol (0496)

Glycerol dibehenate (1427)

Glycerol distearate (1428)

Glycerol (85 per cent) (0497)

Glycopyrronium bromide (1783)

Hydroxypropylcellulose, low-substituted (2083)

Ivermectin (1336)

Lauromacrogol 400 (2046)

Methanol (1989)

Netilmicin sulfate (1351)

Octyldodecanol (1136)

Paraffin, light liquid (0240)

Paraffin, liquid (0239)

Polyoxypropylene stearyl ether (2602)

Riociguat tablets (3079)

Suxamethonium chloride dihydrate (0248)

Testosterone isocaproate (1737)

Triacetin (1106)

Triethyl citrate (1479)

Trimethoprim (0060)

Vancomycin hydrochloride (1058)

CORRECTED TEXTS

The following texts have been corrected for Issue 13.2 and specify 'corrected 13.2' below their implementation date. These corrections are to be taken into account as soon as possible and not later than 31 August 2026 (the end of the month following the month of publication of Issue 13.2).

GENERAL CHAPTERS

2.6.21. Nucleic acid amplification techniques

5.1.9. Guidelines for using the test for sterility

MONOGRAPHS

General monographs

Pharmaceutical preparations (2619)

Monographs

Azithromycin (1649)
Formoterol fumarate dihydrate (1724)
Levomethadone hydrochloride (1787)
Pefloxacin mesilate dihydrate (1460)
Tilidine hydrochloride hemihydrate (1767)

TEXTS WHOSE TITLE HAS CHANGED

The titles of the following texts have been changed in Issue 13.2.

GENERAL CHAPTERS

2.2.57. Inductively coupled plasma-optical emission spectrometry (*formerly Inductively coupled plasma-atomic emission spectrometry*)

MONOGRAPHS

Carbidopa monohydrate (0755) (formerly Carbidopa)
Cefixime trihydrate (1188) (formerly Cefixime)
Suxamethonium chloride dihydrate (0248) (formerly Suxamethonium chloride)

SUPPRESSED TEXTS

The following texts are suppressed as of 1 April 2027.

MONOGRAPHS

Ephedrine (0488)
Ephedrine hemihydrate (0489)
Ephedrine hydrochloride, racemic (0715)
Ouabain (0048)

NEW REAGENTS

The reagents below have been added to the list of reagents published in chapter 4 of the European Pharmacopoeia for Issue 13.2.

Chapter 4.1.1. (Reagents)

Ethylene glycol-divinylbenzene-dimethacrylate polymer. 1227600.
Jujuboside A. 1227700.
Peimisine. 1227900.
Spinosin. 1227800.
2,2,2-Trifluoroethanol. 1227500.

MODIFIED REAGENTS

The reagents below have been modified for Issue 13.2 (chapter 4 of the European Pharmacopoeia).

Chapter 4.1.1. (Reagents)

4-Aminobenzoic acid. 1003300.
Borneol. 1011900.
Choline chloride. 1019500.
Histidine monohydrochloride. 1043000.
